THE SAINT LUCIA AIR AND SEA PORTS AUTHORITY (SLASPA)

COMPLETION OF CONSTRUCTION OF THE AIR TRAFFIC CONTROL TOWER (ATCT) AT HEWANORRA INTERNATIONAL AIRPORT RE-REDEVELOPMENT PROJECT, VIEUX FORT

The Saint Lucia Air and Seaport Authority (SLASPA) is soliciting proposals from qualified Contractors for the Completion of Construction of the Air Traffic Control Tower (ATCT) at the Hewanorra International Airport Redevelopment Project (HIARP), in Vieux Fort. The construction of the ATCT constitutes the initial phase of this significant airport infrastructure improvement programme, which also includes improvement to the airside, terminal, and landside, with a strategic intention to elevate the aviation ecosystem and passenger experience.

As a critical component of the redevelopment program, the state-of-the-art designs for the new ATCT will be equipped with the latest navigational tools and technology, replacing the more than 40- year-old existing facility, and will stand at 100ft, providing optimum airfield surveillance for air navigation services.

Any additional information and copies of the detailed Request for Proposals (RFP) can be obtained by contacting the Manager – Financial Operations via email at avlin.regis@slaspa.com from **Thursday, 16th January to Thursday, 30th January 2025**. Opening hours: Monday to Friday (except public holidays) 8:30 am to 4:30 pm (except 12 noon – 2 pm).

All proposals in response to the RFP must be submitted by **9:00 am local Saint Lucia time on 06th March, 2025** as per instructions included in the RFP document.

All inquiries and questions should be referred to the Manager – Financial Operations via email at avlin.regis@slaspa.com and responses will be handled via the issuance of Addenda as may be required for response.

Please note that Proposals received after the closing date and time will be rejected.
